

ENVIRONMENTAL PROTECTION
AND ENERGY EFFICIENCY FUND

CURRENT AND FUTURE PROJECTS IN THE WASTE SECTOR SUPPORTED BY THE ENVIRONMENTAL PROTECTION AND ENERGY EFFICIENCY FUND

dr. sc. Predrag Korica, project manager

Zagreb, ponedjeljak, 4. prosinca 2023.

Fund's financial support for projects

JOINT INVESTMENT IN THE FUTURE!

- ❖ Non – national budgetary legal entity with public authority
- ❖ Utilizing the “Polluter Pays” Principle and Extender Producer Responsibility
- ❖ Fund redistributes the financial means from mandatory persons to the programmes and projects in the environmental protection
- ❖ Achievement of national targets (e.g. only 10% of Municipal waste landfilled by the 2035; 30% of waste packaging plastic recycled by the 2030...)
- ❖ Implementation of the National Waste Management Plan's measures...
- ❖ Remediation of the damage done to the environment (e.g. „Black Hill” Biljane Donje)
- ❖ **1 euro of grant generates 2.8 euros of investment in environmental protection**

Fund's financial support for projects

JOINT INVESTMENT IN THE FUTURE!

Fees paid by polluters and producers of the environment
+
Resources from European funds/ from trade of GHG emission allowances
